REGISTRY LAW.

AN ACT

Further supplemental to the act relative to the elections of this Commonwealth.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same,* That it shall be the duty of each of the assessors within this Commonwealth, on the first Monday in June of each year, to take up the transcript he has received from the county commissioners under the eighth section of the act of 15th April, 1834, and proceed to an immediate revision of the same, by striking therefrom the name of every person who is known by him to have died or removed since the last previous assessment from the district of which he is the assessor, or whose death or removal from the same shall be made known to him, and to add to the same the name of any qualified voter who shall be known by him to have moved into the district since the last previous assessment, or whose removal into the same shall be or shall have been made known to him, and also the names of all who shall make claim to him, to be qualified voters therein. As soon as this revision is completed he shall visit every dwelling house in the district and make careful inquiry if any person whose name is on his list has died or removed from the district, and if so to take the same therefrom, or whether any qualified voter resides therein whose name is not on his list, and if so to add the same thereto; and in all cases where a name is added to the list a tax shall forthwith be assessed against the person; and the assessor shall in all cases ascertain, by inquiry, upon what ground the person so assessed claims to be a voter. Upon the completion of this work it shall be the duty of each assessor as aforesaid to proceed to make out a list, in alphabetical order, of the white freemen above twenty-one years of age claiming to be qualified voters in the ward, borough, township or district of which he is the assessor, and opposite each of said names state whether said freeman is or is not a housekeeper, and if he is, the number of his residence, in towns where the same are numbered, with the street, alley or court in which situated; and if in a town where there are no numbers, the name of the street, alley or court on which said house fronts; also, the occupation of the person; and where he is not a housekeeper the occupation, place of boarding, and with whom, and if working for another, the name of the employer, and write opposite each of said names the word "voter;" where any person claims to vote by reason of naturalization, he shall exhibit his certificate thereof to the assessor, unless he has been for five consecutive years next preceding a voter in said district; and in all cases where the person has been naturalized, the name shall be marked with the letter "N;" where the person has merely declared his intentions to become a citizen and designs to be naturalized before the next election, the name shall be marked "D. I;" where the claim is to vote by reason of being between the ages of twenty-one and twenty-two, as provided by law, the word "age" shall be entered; and if the person has moved into the election district to reside since the last general election, the letter "R" shall be placed opposite the name. It shall be the further duty of each assessor as aforesaid, upon the completion of the duties herein imposed, to make out a separate list of all new assessments made by him and the amounts assessed upon each, and furnish the same immediately to the county commissioners, who shall immediately add the names to the tax duplicate of the ward, borough, township or district in which they have been assessed.

Sec. 2. On the list being completed and the assessments made as aforesaid, the same shall forthwith be returned to the county commissioners, who shall cause duplicate copies of said lists, with the observations and explanations required to be noted as aforesaid, to be made out as soon as practicable and placed in the hands of the assessor, who shall, prior to the first of August in each year, put one copy thereof on the door of or on the house where the election of the respective district is required to be held, and retain the other in his possession, for the inspection, free of charge of any person resident in the said election district who shall desire to see the same; and it shall be the duty of the said assessor to add, from time to time, on the personal application of any one claiming the right to vote, the name of such claimant, and mark opposite the name "C. V;" and immediately assess him with a tax, noting, as in all other cases, his occupation, residence, whether a boarder or a housekeeper; if a boarder, with whom he boards, and whether naturalized or designing to be, marking in all such cases the letters, opposite the name, "N;" or "D. I." as the case may be; if the person claiming to be assessed be naturalized, he shall exhibit to the assessor his certificate of naturalization; and if he claims that he designs to be naturalized before the next ensuing election, he shall exhibit the certificate of his declaration of intention; in all cases where any ward, borough, township or election district is divided into two or more precincts, the assessor shall note in all his assessments the election precinct in which each elector resides, and shall make a separate return for each to the county commissioners, in all cases in which a return is required from him by the provisions of this act; and the county commissioners in making duplicate copies of all such returns, shall make duplicate copies of the names of the voters in each precinct, separately, and shall furnish the same to the assessor; and the copies required by this act to be placed on the doors of or on election places on or before the first of August in each year, shall be placed on the door of or on the election place in each of said precincts.

Sec. 3. After the assessments have been completed on the tenth day preceding the second Tuesday in October of each year, the assessor shall, on the Monday immediately following, make a return to the county commissioners of the names of all persons assessed by him since the return required to be made by him by the second section of this act, noting opposite each name the observations and explanations required to be noted as aforesaid; the county commissioners shall thereupon cause the same to be added to the return required by the second section of this act and a full and correct copy thereof to be made, containing the names of all persons so returned as resident taxables in said ward, borough, township, or precinct, and furnish the same, together with the necessary election blanks, to the officers of election in said ward, borough, township or precinct, on or before six o'clock in the morning of the second Tuesday of October, and no man shall be permitted to vote at the election on that day whose name is not on said list, unless he shall make proof of his right to vote, as hereinafter required.

Sec. 4. On the day of election any person whose name is not on the said list, and claiming the right to vote at said election, shall produce at least one qualified voter of the district as a witness to the residence of the claimant in the district in which he claims to be a voter, for the period of at least ten days next preceding said election, which witness shall take and subscribe a written, or partly written and partly printed affidavit to the facts stated by him, which affidavit shall define clearly where the residence is of the person so claiming to be a voter; and the person so claiming the right to vote shall also take and subscribe a written or a partly written and partly printed affidavit, stating, to the best of his knowledge and belief, where and when he was born; that he is a citizen of the Commonwealth of Pennsylvania and of the United States; that he has resided in the Commonwealth one year, or if formerly a citizen therein and has moved therefrom, that he has resided therein six months next preceding said election; that he has not moved into the district for the purpose of voting therein; that he has paid a State and county tax within two years, which was assessed at least ten days before said election; and, if a naturalized citizen, shall also state when, where and by what court he was naturalized, and shall also produce his certificate of naturalization for examination; the said affidavit shall state when and where the tax claimed to be paid by the affiant was assessed, and when, where and to whom paid; and the tax receipt therefor shall be produced for examination, unless the affiant shall state in his affidavit that it has been lost or destroyed, or that he never received any; but if the person so claiming the right to vote shall take and subscribe an affidavit, that he is a native born citizen of the United States, (or if born elsewhere, shall state that fact in his affidavit, and shall produce evidence that he has been naturalized, or that he is entitled to citizenship by reason of his father's naturalization); and shall further state in his affidavit that he is, at the time of taking the affidavit, between the ages of twenty-one and twenty-two years; that he has resided in the State one year and in the election district ten days next preceding such election, he shall be entitled to vote, although he shall not have paid taxes; the said affidavits of all persons making such claims and the affidavits of the witnesses to their residence, shall be preserved by the election board, and at the close of the election they shall be enclosed with the list of voters, tally list and other papers required by law to be filed by the return judge with the prothonotary and shall remain on file therewith in the prothonotary's office, subject to examination as other papers are; if the election officers shall find that the applicant or applicants possess all the legal qualifications of voters, he or they shall be permitted to vote, and the name or names shall be added to the list of taxables by the election officers, the word "tax" being added where the claimant claims to vote on tax, and the word "age" where he claims to vote on age; the same words being added by the clerks in each case respectively, on the list of persons voting at such election.

Sec. 5. It shall be lawful for any qualified citizen of the district, notwithstanding the name of the proposed voter is contained on the list of resident taxables, to challenge the vote of such person; whereupon the same proof of the right of suffrage as is now required by law shall be publicly made and acted on by the election board, and the vote admitted or rejected according to the evidence; every person claiming to be a naturalized citizen shall be required to produce his naturalization certificate at the election before voting, except where he has been for ten years, consecutively, a voter in the district in which he offers his vote; and on the vote of such person being received, it shall be the duty of the election officers to write or stamp on such certificate the word "voted," with the month and year, and if any election officer or officers shall receive a second vote on the same day, by virtue of the same certificate, excepting where sons are entitled to vote by virtue of the naturalization of their fathers, they and the person who shall offer such second vote, upon so offending, shall be guilty of a high misdemeanor, and, on conviction thereof, be fined or imprisoned, or both at the discretion of the court; but the fine shall not exceed one hundred dollars in each case, nor the imprisonment one year; the like punishment shall be inflicted on conviction of the officers of election who shall neglect or refuse to make, or cause to be made, the indorsement required, as aforesaid, on said naturalization certificate.

Sec. 6. If any election officer shall refuse or neglect to require such proof of the right of suffrage as is prescribed by this law, or the laws to which this is a supplement, from any person offering to vote whose name in not on the list of assessed voters, or whose right to vote is challenged by any qualified voter present, and shall admit such person to vote without requiring such proof, every person so offending shall, upon conviction, be guilty of a high misdemeanor, and shall be sentenced, for every such offence, to pay a fine not exceeding one hundred dollars, or to undergo an imprisonment not more than one year, or either or both, at the discretion of the court.

Sec. 7. Ten days preceding every election for electors of President and Vice President of the United States, it shall be the duty of the assessor to attend at the place fixed by law for holding the election in each election district, and then and there hear all applications of persons whose names have been omitted from the list of assessed voters, and who claim the right to vote, or whose rights have originated since the same was made out, and shall add the names of persons thereto as shall show that they are entitled to the right of suffrage in such district, on the personal application of the claimant only, and forthwith assess them with the proper tax. After completing the list, a copy thereof shall be placed on the door of or on the house where the election is to be held, at least eight days before the election; and at the election the same course shall be pursued, in all respects, as is required by this act and the acts to which it is a supplement, at the general elections in October. The assessor shall also make the same returns to the county commissioners of all assessments made by virtue of this section; and the county commissioners shall furnish copies thereof to the election officers in each district, in like manner in all respects as is required at the general election in October.

Sec. 8. The same rules and regulations shall apply at every special election, and at every separate city, borough or ward election, in all respects, as at the general elections in October.

Sec. 9. The respective assessors, inspectors and judges of the elections shall each have the power to administer oaths to any person claiming the right to be assessed or the right of suffrage, or in regard to any other matter or thing required to be done or inquired into by any of said officers under this act; and any willful false swearing by any person in relation to any matter or thing concerning which they shall be lawfully interrogated by any of said officers, shall be punished as perjury.

Sec. 10. The assessors shall each receive the same compensation for the time necessarily spent in performing the duties hereby enjoined as is provided by law for the performance of their other duties, to be paid by the county commissioners as in other cases; and it shall not be lawful for any assessor to assess a tax against any person whatever within ten days next preceding the election to be held on the second Tuesday of October, in any year, or within ten days next before any election for electors of President and Vice President of the United States; any violation of this provision shall be a misdemeanor, and subject the officers so offending to a fine, on conviction, not exceeding one hundred dollars, or to imprisonment not exceeding three months, or both at the discretion of the court.

Sec. 11. On the petition of five or more citizens of the county, stating under oath that they verily believe that fraud will be practiced at the election about to be held, in any district, it shall be the duty of the court of common pleas of said county, if in session, or if not, a judge thereof in vacation, to appoint two judicious, sober and intelligent citizens of the county to act as overseers of said election; said overseers shall be selected from different political parties, where the inspectors belong to different parties, and where both of said inspectors belong to the same political party, both of the overseers shall be taken from the opposite political party; said overseers shall have the right to be present with the officers of the election, during the whole time the same is held, the votes counted, and the returns made out and signed by the election officers; to keep a list of voters, if they see proper; to challenge any person offering to vote, and interrogate him and his witnesses, under oath, in regard to his right of suffrage at said election, and to examine his papers produced; and the officers of said election are required to afford to said overseers so selected and appointed every convenience and facility for the discharge of their duties; and if said election officers shall refuse to permit said overseers to be present and perform their duties as aforesaid, or if they shall be driven away from the polls by violence or intimidation, all the votes polled at such election district may be rejected by any tribunal trying a contest under said election: *Provided*, That no person signing the petition shall be appointed an overseer.

Sec. 12. If any prothonotary, clerk, or the deputy of either, or any other person, shall affix the seal of office to any naturalization paper, or permit the same to be affixed, or give out, or cause or permit the same to be given out, in blank, whereby it may be fraudulently used, or furnish a naturalization certificate to any person who shall not have been duly examined and sworn in open court, in the presence of some of the judges thereof, according to the act of Congress, or shall aid in, connive at, or in any way permit the issue of any fraudulent naturalization certificate, he shall be guilty of a high misdemeanor; or if any one shall fraudulently use any such certificate of naturalization, knowing that it was fraudulently issued, or shall vote, or attempt to vote thereon, or if any one shall vote, or attempt to vote, on any certificate of naturalization not issued to him, he shall be guilty of a high misdemeanor; and either or any of the persons, their aiders or abettors, guilty of either of the misdemeanors aforesaid, shall, on conviction, be fined in a sum not exceeding one thousand dollars, and imprisoned in the proper penitentiary for a period not exceeding three years.

Sec. 13. Any person who on oath or affirmation, in or before any court in this State, or officer authorized to administer oaths shall, to procure a certificate of naturalization, for himself or any other person, willfully depose, declare or affirm any matter to be fact, knowing the same to be false, or shall in like manner deny any matter to be fact, knowing the same to be true, shall be deemed guilty of perjury; and any certificate of naturalization issued in pursuance of any such deposition, declaration or affirmation, shall be null and void; and it shall be the duty of the court issuing the same, upon proof being made before it that it was fraudulently obtained, to take immediate measures for recalling the same for cancellation; and any person who shall vote, or attempt to vote, on any paper so obtained, or who shall in any way aid in, connive at, or have any agency whatever in the issue, circulation or use of any fraudulent naturalization certificate, shall be deemed guilty of a misdemeanor, and, upon conviction thereof shall undergo an imprisonment in the penitentiary for not more than two years, and pay a fine, not more than one thousand dollars, for every such offense, or either or both, at the discretion of the court.

Sec. 14. Any assessor, election officer or person appointed as an overseer, who shall neglect or refuse to perform any duty enjoined by this act, without reasonable or legal cause, shall be subject to a penalty of one hundred dollars; and if any assessor shall assess any person as a voter who is not qualified, or shall refuse to assess any one who is qualified, he shall be guilty of a misdemeanor in office, and on conviction be punished by fine or imprisonment, and also be subject to an action for damages by the party aggrieved; and if any person shall fraudulently alter, add to, deface or destroy any list of voters, made out as directed by this act, or tear down or remove the same from the place where it has been fixed, with fraudulent or mischievous intent, or for any improper purpose, the person so offending shall be guilty of a high misdemeanor, and on conviction shall be punished by a fine not exceeding five hundred dollars, or imprisonment not exceeding two years, or both, at the discretion of the court.

Sec. 15. All elections for city, ward, borough, township, and election officers shall hereafter be held on the second Tuesday of October, subject to all the provisions of the laws regulating the election of such officers not inconsistent with this act; the persons elected to such offices at that time shall take their places at the expiration of the terms of the person holding the same at the time of such election; but no election for the office of assessor or assistant assessor shall be held, under this act, until the year one thousand eight hundred and seventy.

Sec. 16. At all elections hereafter held, under the laws of this Commonwealth, the polls shall be opened between the hours of six and seven o'clock a. m., and close at seven o'clock p. m.

Sec. 17. It shall be the duty of the Secretary of the Commonwealth to prepare forms for all the blanks made necessary by this act, and furnish copies of the same to the county commissioners of the several counties of the Commonwealth; and the county commissioners of each county shall, as soon as may be necessary after receipt of the same, at the proper expense of the county, procure and furnish to all the election officers of the election districts of their respective counties copies of such blanks, in such quantities as may be rendered necessary for the discharge of their duties under this act.

Sec. 18. None of the foregoing provisions of this act shall apply to the city of Philadelphia, excepting sections twelve and thirteen.

Sec. 19. That citizens of this State temporarily in the service of the State or the United States government, on clerical or other duty, and who do not vote where thus employed, shall not be thereby deprived of the right to vote in their several election districts if otherwise duly qualified.

Sec. 20. The act, entitled "A further supplement to the act relating to the elections of this Commonwealth," approved April fourth, Anno Domini one thousand eight hundred and sixty-eight, and all other laws altered or supplied by this act, be and the same are hereby repealed.

SEC. 32. Every person who shall claim a right to vote in the said election division at the next general election, whose name does not appear on the assessors' division transcript, shall produce a receipt for the payment of a State or county tax within two years of the day appointed for the said election, assessed agreeably to the constitution, and give satisfactory evidence, either on his own oath or affirmation of a qualified elector, that he has paid such a tax to the proper person authorized by law to receive the same; and if either of the said canvassers shall require it, he shall also prove his residence in the manner hereinafter provided; and upon such pro

The Crawford County System.

IN former articles in this journal we have discussed somewhat the plan of nominations known as the "Crawford County System," which is in force and acted upon in some of the counties of the Commonwealth. Since the publication of our former articles we have given further reflection to the subject and have observed the practical working of the plan in the counties where it obtains. The result of this reflection and observation has been to fix a conviction in our mind that the expediency of the plan is doubtful—that it is likely that some other proposition of reform may be found better adapted to the convenience of the people and better calculated to secure fair and satisfactory nominations to office. It is true that the Delegate System as heretofore arranged in this and other counties is defective, and it is also true that direct voting for candidates by the people when nominations are to be made, has a popular aspect and appears to be reasonable. Under the Delegate plan as heretofore known it is possible to defeat the popular will, and it is certain that the voters are not fully and equally represented in the Delegate Conventions. Districts of very unequal vote have equal representation, and where contests occur in districts in choosing Delegates, but one party to the contest can be represented at all. A township or borough with 50 or 75 Democratic votes chooses just as many delegates as one with two or three hundred, and is just as influential in making nominations, and where in a district 99 voters are in favor of A, for nomination and 100 in favor of B. the former are counted out in the result and can have no voice in the convention. The Crawford County plan of a direct popular vote for candidates, is free from both these objections and so far is preferable to the Delegate plan. Under it there is perfect equality among voters, the votes of all are counted upon the result, and no district has any unfair advantage over another.

But the plan is liable to objections peculiar to itself. In the first place, it offers a dilemma from which we cannot escape. Under it nominations must be made upon a *plurality* vote or the election must be repeated until a majority is secured. The latter course is too inconvenient for adoption and therefore plurality nominations must be accepted Herein the plan is, in our opinion, much worse than the Delegate plan, and suffers by a comparison with it. We think that a party nomination should always be made by or on behalf of a majority of the voters by whom it is to be sustained at the polls. Popular voting on nominations under the plurality rule must give rise to much intrigue and to much blundering, and nominations of men *to whom a majority of the party is opposed* must be a frequent result. Take the case of a candidate for nomination who has a certain amount of local or other strength but cannot obtain a majority vote. It becomes his interest *to get out one or more candidates to divide the votes he cannot command* and thus secure to himself a plurality. Besides, under the plan there is no opportunity for a voter to express a second choice in case his favorite candidate cannot succeed. Through his delegate or delegates in a Convention this opportunity may be afforded him. Considering that the relative strength of candidates cannot be known before the voting takes place, it follows that the voter must often be embarrassed in exercising his right and that blundering votes will be thrown—that is, thrown upon suppositions which will turn out to be erroneous.

We think also that the tendency of the plan is to render nominations expensive and to debauch the people. The nominating elections are held under no sanction of law and may be very unfairly conducted, and as the nominations are final, candidates will spend money freely to control them.

Finally, the Crawford county plan does not provide a carefully selected and responsible Convention for business which cannot be transacted at the primary elections—as the choice of Conferees for district nominations, and the selection of Delegates to State Conventions. Return Judges to carry up election district returns to the county seat are provided for, but little care will be exercised in selecting them, and they will constitute an imperfect body when convened.

Upon the whole we do not see that this plan is an expedient one for adoption in place of the Delegate System, though reform of the latter is greatly to be desired. Instead of the new plan would it not be well to have Delegates apportioned to districts in proportion to their party vote and have them chosen upon a reformed plan of voting? This arrangement would go far to secure full and fair representation of the people, and satisfactory nominations in Conventions, while it would avoid all the objections (stated above) which lie against the Crawford County plan.

The Registry Law.

WE would earnestly commend this most obnoxious and unjust law, which will be found in our columns this week, to the careful attention of our citizens. Affecting as it does such vital principles as those of suffrage, it demands an attentive perusal. The community should be thoroughly acquainted with any act of the Legisiature which touches, even slightly, the manner, time, and place of choosing their own representatives.

By reference to Sec. 15 of the law it will be seen that the spring elections are abolished and that the people are compelled to hold all their municipal elections on the same day as the general elections, that is on the second Tuesday in October.

In some of the Counties wherein the spring elections are held in May, there will consequently be no officers chosen until Fall, the present incumbents holding over until that time.

The Columbia County Invasion.

V

ELECTION ARRESTS.

IMMEDIATELY before and on the day of the State Election, (1864,) a number of arrests were made at various points in the County to prevent citizens from voting, and in one instance to wreak revenge upon a county officer for preventing, in a particular case, the consummation of such a rascally purpose. A part of these arrests were made under military orders by soldiers of the Army of Occupation, and part under authority of the Deputy Provost Marshal for the County by soldiers who constituted his guard having been assigned to him for service. Some of those cases (selected by way of example) we will hereafter describe. For the present we propose to open up a little the character of the officer who commanded the troops and whose word, for a time, was law absolute in this county. As the main instrument of despotism in making arrests and clearly responsible for most of them, he merits particular notice and shall receive it.

LIEUT. COL. STEWART.

One of the corrupt performances of this officer is shown by the subjoined documents, the originals of which are now in our possession. Mr. Alexander Hess of this county, a drafted man clearly entitled to be excused by reason of physical disability, was coerced by Stewart into paying him $100, as the condition of escaping an arrest or standing discharged from the draft. Observe the date of this transaction—15th September 1864—when the reign of terror was fully established and when the Satrap of the Invasion could with most effect use his power to plunder his victims. This corrupt villain knew perfectly well that he had no power to discharge any one from the draft, that power residing in the Board of Enrolment of the District, and he knew also, from a personal examination of the case, that Mr. Hess was unfit for service and would not be held to service by any competent authority. But the opportunity of extortion was greedily seized by him and he appropriated the hard-earned money of this poor man to his private use and carried it off with him when he left the county. The documents are as follows:—

AFFIDAVIT.

State of Pennsylvania, } SS.
County of Columbia. }

Alexander Hess of the said County being duly sworn saith:

That he was drafted into the military service of the United States in the year A. D. 1864; That on the 15th day of September, A. D. 1864 he reported to Charles Stewart Lt. Col. Commanding U. S. Forces in Columbia County. That Col. Stewart inquired of your Deponent what sum of money he would give to be discharged from the Draft and not to be further troubled; stating at the same that he had the authority to discharge him. Your Deponent replied that he was poor and not able to pay much, but offered to Col. Stewart for a Certificate of discharge *Fifty dollars*. Stewart refused this and notified your deponent that he would be held to service, and that he (Stewart) could do as he pleased with him. Finally he agreed to grant the discharge upon the payment of One hundred dollars. That sum was thereupon paid to him the said Lt. Colonel Charles Stewart, and he gave a Discharge of which the following is a copy.

BOND.

Know all men by these presents that we Alexander Hess of Sugarloaf township in the County of Columbia and State of Pennsylvania and Henry C. Hess and Joshua B. Hess, all of the same township are held and firmly bound unto the United States of America in the sum of Two thousand dollars lawful money of the United States to be paid to the said United States or the authorities properly constituted to receive the same; to which payment well and truly to be made and done we do bind ourselves and each of us by himself for and in the whole our heirs, executors and administrators and each of us firmly by these presents; sealed with our seals and dated the seventeenth day of January A. D. 1865.

Whereas, the said Alexander Hess has been drafted into the military service of the United States; now the condition of this obligation is such that if the said Alexander Hess shall whenever called upon by the Deputy Provost Marshal of said Columbia County or by any other of the properly constituted authorities of the United States aforesaid to report as a drafted man as aforesaid,—if he shall so report when so called upon then this obligation to be null and void, or else to be and remain in full force and virtue.

NOTICE.

Deputy Pro. Marshal's Office
Bloomsburg Jan. 24th 1865.

ALEXANDER HESS,

Sir: You will report at these Head Quarters Wednesday Jan. 25 1865, without delay to meet the Board of Examiners at ten o'clock.

By Order of
WILLIAM SILVER,
Deputy Pro. Mar'l 13th Dist. Pa.
Per W. H. Abbott, Agent.

CERTIFICATE.

I William Silver, late Deputy Provost Marshall of the 13th District of Pennsylvania do hereby certify on honor, that Mr. Alexander Hess, within named, in pursuance of the annexed notice, did report at Bloomsburg, to the Board of Examiners, on the 25th day of January A. D. 1865, and that upon examination he was discharged by the Board on account of physical disability—Rupture. Witness my hand this 25th day of February A. D. 1867.

Late Dept. Pro. Marshal.

Convention of School Directors.

THE School Directors of Columbia County met in Convention at the Court House, on Tuesday of this week, for the purpose of electing a County Superintendent for the next ensuing term.

Charles G. Barkley, County Superintendent, called the Convention to order, by stating the work to be performed as directed by the State Superintendent, after which an organization was made by the election of W. Wirt, President, R. Thornton Secretary and H. R. Kline Assistant Secretary.

The Directors were then called in the alphabetical order of the townships, when it was learned that of the one hundred and fifty Directors in the county ninety five were present.

Upon the matter of salary, considerable discussion was had and the various amounts of $1500, $1200, $1000 and $800 per annum were proposed. Votes were taken resulting in the rejection of the two higher sums and approving of one thousand dollars.

The following named persons were then nominated as candidates for the office: C. G. Barkley of Bloom, Wm. H. Snyder, Orangeville, John B. Patton of Pine.

Upon a vote being taken C. G. Barkley received fifty votes, William H. Snyder thirty, and John B. Patton fourteen. One not voting.

Charles G. Barkley was accordingly declared duly elected.

A Word of Advice

WE would earnestly call the attention of our friends to the subjoined circular letter signed by some of the ablest Democrats of New York. Of its truthfulness and importance we need not speak, its perusal will satisfy every unbiased mind:

ALBANY, March 12, 1869.

The undersigned would urge upon the Democracy the importance of preparing now for the next struggle with its enemies. Such preparation is too commonly postponed until the eve of elections. But we must begin now to plant the seed if we would reap the harvest of future victories.

A free press is the most effective weapon for combatting popular error, and achieving the political revolution which it was never more clear than now is indispensable to the country's prosperity, liberties, union and peace. We would therefore recommend the immediate formation of newspaper clubs in your town, and that you enlist the efforts of your neighbors and friends, with your own, to place a Democratic newspaper, every week in the coming year in the hands not only of every Democrat who can afford to pay for it, but also those who cannot, and every "doubtful" voter whose mind is accessible to the candid, earnest and able principles of Democratic freedom.

AN INFANT TALKS WHEN ONLY THREE MONTHS OLD.—From the following letter, written and vouched for by Dr. Sudduth, one of our most respectable and successful physicians, our readers will see that we have in our midst one of the many wonders of the world. Several parties, since the knowledge of this came to light, have visited the family, and all agree in pronouncing it true in every respect, and beyond their comprehension:

Mr. Editor: I wish to make known to the public one of the most remarkable, indeed wonderful, instances of infantile precocity, in the line of talking, that I ever heard of. I doubt, indeed, if any like it is to be found in any of the records of strange things. I was called upon a few days ago to attend a sick child, a daughter of William and Mary Jane Hearsay, living in the southwest part of St. Charles township. I found the child, aged a few days under five months, very ill. After administering medicine to the child, I was startled to hear it say very distinctly. "Mamma, baby don't want any more." Completely nonplussed, I inquired of the mother how long the baby had talked. As though it were no unusual occurence, she coolly said it commenced talking a few days before it was three months old! Deeply impressed with this unheard of and premature development, I watched the child with the deepest interest. It does not prattle, as is usual with infants when first trying to talk, stumbling along and straining at words. It speaks clearly and coherently, a regular sentence that clearly expresses its thought or ideas. It seems to think and then express its thoughts calmly and clearly. It seems to note the anxiety and wishes of others. A little four-year old brother was out of the house, and several of the family inquired where he was. He soon came in, when the baby seeing him, said to the mother, "Otty has come home." It will lie quietly in its cradle while its mother is at work, and when it is hungry it will say, "baby wants dinner," or "mamma take baby up," as plainly as a child of five or six years of age. I may as well mention that another of the children commenced talking at eight months old. Altogether I consider it a phenomenon worthy of public record. Nor do I think it any the less incomprehensible that this talking wonder is a girl.—*Minn. Heartd.*

POTATOES quartered so as to leave only one or two eyes on a piece, then put into an old barrel and set in a warm place so as to wilt before planting, will produce new potatoes two weeks earlier than planting in wild potatoes.

IN reply to inquiries, we can state on the best authority, that the fish law was not repealed.

Obituary.

ANDREW J. SLOAN.

ON Saturday morning last the community was shocked by the report of the sudden death of Andrew J. Sloan, for many years a well known and widely respected merchant of our town, and a life-long resident. Although his health had been very delicate for months past, yet there was nothing to justify the expectation of an immediate decease, as of late he had seemed to be in better health than usual.

He was attacked by a severe pain in the head on Friday night, and his physician having visited him and left proper medicine, took his departure only to be recalled at an early hour the following morning to find him in a dying condition. He expired shortly before six o'clock. The cause of his death was congestion of the brain.

Mr. Sloan was the eldest son of Major William Sloan and was fifty years of age. Throughout his life he sustained the character of a Christian gentleman and his loss will be keenly felt by a large circle of friends. In his family relations he was a kind husband and father, whilst his social intercourse with his fellow men was marked by courtesy and urbanity. He was a regular attendant on the services of the Episcopal church.

The funeral took place on Tuesday last with the impressive ceremonies of the Order of Masons, of which he was a member in good standing.

DR. JOHN P. KLUGE.

ON Saturday afternoon last, M. F. Eyerly of this place, received a telegram, from the agent of the Panama R. R. Co., in New York, announcing briefly the sad fact of the death of Dr. John P. Kluge, which occurred on board the steamer whilst on the passage from Aspinwall.

Dr. Kluge was the son of Rev. John P. Kluge, and was born in Bethlehem, Pa., on the 11th of April, 1833, and was consequently but little over 36 years of age. He was a graduate of the University of Pennsylvania, and began the duties of his profession at the Emigrant Hospital, Ward's Island, where he remained three years. He was then offered a position by the Panama R. R. Co., which he accepted and continued in the employ of the Company until his death, holding for the last four or five years the responsible position of Chief of their Medical Staff.

His last visit to Bloomsburg, which he considered his home, was in the summer of 1867, and he returned to Aspinwall only at the urgent and repeated request of the Company, by whom his valuable services were perfectly appreciated.

His death is rendered doubly sad from the fact that he was on his way to re-join his family and friends, and that he passed from earth without the tender care and loving attentions which only can be rendered by those connected by stronger bonds than mere acquaintanceship creates.

He had many warm friends in this county, who well remember the many winning traits of character which marked him as the genial, polished gentleman.

Such Americans as, in their journeyings for business or pleasure, were so fortunate as to meet him on the Isthmus, can and will doubtless testify to his uniform politeness and his warm regard for their interest and comfort.

WILLIAM M. ENT.

RESOLUTIONS OF CONDOLENCE.

WHEREAS, It has pleased an all-wise Providence to remove from our midst our beloved Brother William M. Ent, therefore:

Resolved, That we bow with submission to the will of the Almighty and accept His judgment with humility, believing that our loss is our friend's eternal gain.

Resolved, That in William M. Ent we possessed a faithful and earnest coworker in all matters pertaining to the Order of which he was a member, and that society, by his death, has lost an upright, honorable and valuable citizen.

Resolved, That we fully appreciate the sad bereavement of his family, and that we hereby offer them our hearty sympathies.

Resolved, That this preamble and resolutions be published in the papers of the county, and a copy of the same be transmitted to his family.

PETER K. HERBEIN.

To the Honorable, the Judges of the Court of Common Pleas of Columbia County.

The Members of the Bar upon the occasion of the death of Hon. Peter K. Herbein, an Associate Judge of the several Courts of this county, feel called upon to express in some proper and public manner their regrets at the loss which the people have sustained, and their sympathy with the family of the deceased. Judge Herbein was well known to them as an upright magistrate and as an estimable man. He possessed a sound judgment, a patient temper and much kindness of heart. He had in the discharge of his official duties obtained the respect and attachment of the Bar and the confidence of the people, and the regret felt at his sudden death is therefore sincere and general. The members of the Bar tender to the family of Judge Herbein the assurances of their deep sympathy upon this occasion of, to them, unexpected and severe calamity.

M. E. JACKSON, ROBERT F. CLARK,
J. G. FREEZE, E. H. LITTLE,
C. R. BUCKALEW, W. H. ABBOTT,
M. WHITMOYER, H. H. GROTZ,
E. R. IKELER, C. W. MILLER,
S. KNORR, W. G. HURLEY,
J. H. JAMES, R. N. S. HOWELL,
GEO. S. COLEMAN, C. B. BROCKWAY.

After reading the foregoing Mr. Clark presented the same to the court whereupon his honor Judge Elwell in response said:

The court fully concurs in all that is herein stated by the members of the bar—we cordially unite with them in expressions of regard for the memory of our deceased brother and of sympathy for the widow and family in this their great bereavement.

We were pained and shocked by the intelligence of his sudden death—we who were associated with him upon the bench knew well and fully appreciated the sterling qualities of his head and heart. He loved justice but his whole nature was tempered with mercy.

In the judicial administration of the affairs of his county requiring judgment and discretion, his opinion, always sound, commended itself to the consideration of his brethren. He aimed to promote the best interest of the public, and his good judgment rarely failed of accomplishing his purpose. We sincerely mourn his loss.

As a slight testimonial of the respect which both bench and bar had for him in his life and as a token of the regard in which they hold his memory, it is directed that the foregoing be filed among the records of the court, and a copy be forwarded to the widow of the deceased. It is further ordered that the court do now adjourn.

Foreign News.

CORK, Wednesday, April 28.—A dinner was given here last night in honor of Warren and Costello, the released Fenian prisoners, on the occasion of their departure for America. His Honor, the Mayor of the city, was present and made an inflammatory speech, warmly eulogizing the guests of the evening. He was followed in a similar strain by other gentlemen. The building in which the banquet took place was surrounded by a large crowd of friends and sympathizers, who, during the evening, formed a procession and paraded the streets with bands and torches. The proceedings were marked by much enthusiasm and excitement and some disorder.

LONDONDERRY, Ireland, Thursday, April 29.—Serious riots occurred here yesterday between the Catholics and Orangemen. During the collisions between the two factions the Police charged upon both. Firearms were freely used, several of the rioters being wounded and two killed. The riot assumed at one time fearful proportions, but the efforts of the Police and the appearance of the military from the garrison finally restored quiet, and the city is now tranquil. The military will remain on duty for a day or two.

News Items.

—Cain Norris, the young negro arrested about a month since, charged with ravishing three white girls, was, convicted and sentenced to thirty-five years in the eastern Penitentiary. The trial lasted three hours, and the jury convicted without leaving the box.

—A Cleveland (Ohio) woman has had seven husbands in eight years. One was killed in the army, another was killed in a street fight, and the balance are alive, four of them having been divorced. A seventeen years' old daughter of this woman has been twice married and divorced.

—A young lady at the Porterfield mill, near Tidioute, packs eight thousand shingles every day, and earns one dollar each day, as much as most of the male laborers. She has kept this up for the last two months, and says she will henceforth pack ten.

—Miss Kellogg, for singing one night at Elmira lately, received fifteen hundred dollars, while the Young Men's Christian Association, under whose auspices the concert was given, cleared a profit of one thousand dollars.

—A farmer at Taunton, Mass., has a remarkable cow. During the last year she has given 7234 quarts of milk, weighing about 14,358 lbs., and yielding about $560, while the keeping of this animal costs only $144.

—A Boston paper is "in favor of women voting if they want to." A Chicago paper "would like to see the man could make them vote if they did'nt want to." We would like to see the man who dare challenge them when they do vote.

—Pennsylvania having ratified the fifteenth amendment, there are now eleven States which have enrolled them selves in favor of the measure: Nevada Kansas, Missouri, West Virginia, Wisconsin, Illinois, Michigan, Maine, South Carolina, Arkansas and Pennsylvania. Delaware and Georgia have rejected it.

—The dwelling place in Greenville, Tennessee, to which Mr. Johnson retired from the White House, is a modest two-story brick. Senator Patterson, his son-in-law, resides at Henderson, six miles from Greenville. It is believed that Mr. Johnson left Washington, worth about $75,000.

Mining Troubles in this State.

SCRANTON, Pa., May 2

Notice was given yesterday by the miners' organizations to the coal operators of this county, that no coal would be cut or loaded after May 8th.

At Wyoming on Friday night the safe of J. C. Shoemaker & Son was blown open and robbed of $7,000 in Government and Lack'a. & Bloomsburg Railroad bonds; also $300 in currency. A reward of $500 has been offered for the arrest of the burglars.

LOVELINESS.—It is not your neat dress, expensive shawl or pretty fingers that attract the attention of men of sense. They look beyond this. It is the true loveliness of your nature that wins and continues to retain the affections of the heart. Young ladies sadly miss it who labor to improve their outward looks, while they bestow not a thought on their mind. Fools may be won by gew-gaws, and fashionable, showy dresses; but the wise and substantial are never caught by such traps. Let modesty be your dres. Use pleasant language, and, though you may not be courted by fop and sot, the good and truly great will love to linger in your steps.

WE have received advance sheets of the "Life of Jefferson Davis with a secret history of the Southern Confederacy." This valuable work which is from the pen of Edward A. Pollard the well known author of "The Lost Cause" will supply a want which has long been felt in the community, a true history of the causes which tended to the overthrow of the Confederacy. Written as it is from "behind the scenes," and by one well qualified to give the details in an interesting manner, it will be of great weight in a historical point of view. It will no doubt meet with a large sale. Published by the National Publishing Company, Philadelphia, and for sale only by subscription. Agents wanted for every county.

TO FRESHEN SALT FISH.—Many persons who are in the habit of freshening mackerel, or other salt fish, never dream that there is a right and wrong way to do it. Any person who has seen the process of evaporation going on at the salt works, knows that the salt falls to the bottom. Just so it is in the pan where the mackerel or white fish lies soaking and, as it lies with the skin down, the salt will fall to the skin and there remain; when, if placed with the flesh side down, the salt will fall to the bottom of the pan, and the fish comes out freshened as it should be. In the other case it is nearly as salt as when put in.

WITHOUT A GOOD DIGESTION.

All other temporal blessings are comparatively worthless. The dyspeptic millionaire who has tried all the potions of the medical profession in vain, and believes his complaint to be incurable, would give half his fortune to be freed from the horrors of indigestion, and thus enabled to enjoy the other half. *Of course he would.*

Perhaps HOSTETTER'S STOMACH BITTERS has been recommended to such a sufferer. Possibly he has turned from the friend who made the suggestion with a sneer, intimating that he has *no faith* in any "patent medicine." If this has been the case, *so much the worse for him.* His incredulity dooms him to a life of misery. All the luxuries which wealth can purchase are at his command. Not one of them can give him pleasure. His own irrational obstinacy is his bane.

The *masses*, happily for themselves, are less skeptical. There is such a thing as *bigoted unbelief*, as well as *bigoted credulity*, and a golden mean between the two, which men and women who are gifted with common sense adopt and profit by, HOSTETTER'S BITTERS. Why do they approve this famous anti-dyspeptic and anti-bilious preparation? Simply because they have not been so much the slaves of senseless prejudice to give it a fair trial, and have found that when all other tonics, stimulants and stomachics failed, it produced the desired effect.

"Strike, but hear," said the Roman sage when his ignorant enemies were assailing him. "Doubt, but try," says the man who has been cured of indigestion, or biliousness, or intermittent fever, by the Bitters, as he relates his experience of the medicine to his invalid friends. Whoever is so wedded to his own foregone theoretical conclusions, as to decline to test the properties of a medicine endorsed by the testimony of intelligent men in every walk of life, and approved by the people at large, *deserves to suffer.*

Local Notices.

"DISGUISED.—We have lately got a new suit of clothes, and no man could look more effectually disguised. We look like a gentleman. Upon first putting it on we looked like a cat in a strange garret, and for a long time thought we were swapped off.

"We went to the house and scared the baby almost into fits, wife asked if wanted to see Mr. B., and said he was at the office; went there, and pretty soon a man came in with a strip of paper in his hand. He asked if the editor was in; told him we thought not; asked him if he wished to see him particularly; said he wanted him to pay that bill told him we didn't believe he'd be in; business man left. We started to the house again; met a couple of young ladies, one of whom asked the other, 'what handsome stranger is that?' In our dilemma we met a friend, and told him who we were, and got him to introduce us to our wife, who is now as proud of us as she can be."

We bought those garments of Lowenberg, who will continue to disguise people in a similar way. Don't take our word for it, but go and try one of his suits and see if you will not deceive your family, astonish your friends and delight yourself.

THE importation of rags from the Mediterranean, hides from Brazil, and other commodities from the tropics, is known to bring the germs of disease, chiefly fevers, which are sometimes very afflicting and fatal. Ayer's Ague Cure stimulates the liver to exerate these germs from the system as effectually as it does the miasmatic poison of our Ague districts. Consequently it affords invaluable protection to stevedores and others whose occupations expose them to these dangerous infections; and we hope to render them a valuable service in giving them this information.—*N. Y. Dispatch.*

WE notice great improvements in the show windows in this place, since M. P. Lutz gave his grand exhibition, many others have tried to follow his example. We do not see any that quite comes up to the pattern, but have no doubt that practice will make perfect.

THE increasing number of sudden and unexpected deaths occurring in our midst, warn us to secure some certain sum for the benefit of our families should the Destroying Angel visit us. There is no better way than to take out a policy in the Mutual Life Insurance Company of New York, the oldest and wealthiest Company in the United States. Assets thirty-two millions of dollars. F. COOLEY, Agent, Columbian Office.

THE *Republican* retaining at the head of its local column the falsehood that its circulation "is the greatest of any paper published in Columbia county," is prepared to grumble that it does not get the official printing of the county. It does get some official advertisements but would like to have more. When its circulation shall, in fact, exceed that of any other paper published in the county and it shall represent the opinions of two-thirds of the people of the county instead of one-third, we shall expect its official patronage to increase. But that good time we suspect is somewhat distant.

copy of the record of his naturalization, if naturalized in any other State; and the vote of no such person shall be received by the election officers, who shall refuse or fail to produce such certificate or certified copy of the record as aforesaid: *Provided*, That no naturalized citizen who shall have resided in the election division for ten years or more immediately preceding such application to vote shall be required to produce such certificate, but the registry of his name, as aforesaid, shall be *prima facie* evidence of his right to vote; and it shall be the duty of the election officers to stamp upon every tax receipt and every naturalization certificate produced, as aforesaid, upon which a vote shall be received, the word "voted," together with the number and division of the ward and the date of the election, which stamp shall be evidence of the fact that such receipt or naturalization certificate was voted upon in the said ward and division at the said election.

Sec. 38. That if any person, upon any false representation, or by the production of any forged, false or spurious naturalization certificate, or upon any such certificate not duly issued according to the act of Congress, shall cause his name to be placed, or shall attempt to have his name placed, upon any extra assessment list for election purposes, or upon any list of qualified electors authorized or required to be made by any law of this Commonwealth, or shall vote or attempt to vote at any general or presidential election, every such person, on conviction thereof, shall be adjudged guilty of a high misdemeanor, and shall be sentenced to imprisonment in the jail of the proper county for a term of not less than twelve months; and every person who shall aid or abet any other person in any such false representation or attempt, shall, on conviction thereof, be adjudged guilty of a high misdemeanor, and suffer the like penalty.

Sec. 39. That the division canvassers and election officers appointed under this act, before entering upon their respective duties, shall severally make and subscribe an affidavit before an Alderman of the city of Philadelphia, or some other officer duly authorized to administer oaths or affirmations in the said city, that they will perform their duties with fidelity, and will to the best of their ability, maintain and protect the rights of all qualified electors within their respective election divisions, and will expose all attempts and combinations that may come to their notice to procure the fraudulent registering of persons who are not qualified electors within their respective divisions or to procure fraudulent votes to be polled at the succeeding election; and the judge or either of the inspectors of any election shall have power to administer oaths and affirmations to persons offering to vote at any election conducted by them, and to examine such persons under oath, touching their right to vote at such election; and in all cases the judge of every election division shall appoint one of the inspectors to keep the register of voters during the election and the other to receive the votes; and whenever a vote is received, the inspector keeping the register shall call the name of the voter aloud, and shall mark the letter "V" opposite said name on the register.

Farmer's Department.

POTATOES—SEED REQUIRED FOR AN ACRE.—The general rule laid down by farmers is to allow ten bushels to the acre. This is very indefinite. The amount of seed required for an acre depends on the mode of planting, (whether in hills or drills, with cut or whole potatoes,) the kind of seed used, and the nature of the soil.

Every man of my acquaintance who attempted this year to plant an acre with cut seed in drills, using ten bushels, fell short from one third to one-half. If you plant in hills, three feet apart each way, you will have 4,840 hills to the acre. One medium sized potato in each hill according to Mr. Harrison's plan, would require about 20 bushels. The average number of medium sized potatoes in a bushel being about 240. If you plant in rows, three feet apart, and place your sets twelve inches apart in the rows, you require 14,520 sets. By measuring a peck or a bushel of the average size of your potatoes, and counting them, you can soon calculate the number of bushels you require.

Unless *each hill* yields as much as *three stalks* in a row, it would be less profitable to cultivate in hills than by drills.

Just weigh two or five pounds of seed for each method, and make the experiment, next season, for yourself. *Accurate experiment* is required, in order to successful farming.

One barrel Early Rose cut to single eyes will make about 1400 eyes, and will plant an acre that will produce one hundred bushels, worth five dollars per bushel, or $500, next season. Cost of potatoes and cultivation, one hundred dollars; leaving a net profit of four hundred dollars per acre.

THE CLOTHES MOTH.—"How shall I preserve my furs?" "How shall I keep my woolens?" "What must I do with our stuffed cushions?" is the sum and substance of a considerable number of letters from good housekeepers, who are anticipating trouble from that little household pest the moth. Much of the trouble with moths arise from not knowing their ways and the best thing we can do is to show up the enemy. In these pleasant spring days a little insect will often be seen flitting about the room an innocent looking thing, of an unobtrusive drab color, which, if it attracts our attention at all, does so only pleasantly, as it seems full of new life, and intent only on its own pleasure. But this little moth is great in its possibility of future troubles. He, or she (for the inexperienced eye cannot tell the difference) should be killed at sight. Its first appearance should be taken as a warning of danger, for these are the moths whose eggs produce the little grubs that infest furs, woolen clothing, carpets, stuffed cushions and furniture. These winged moths deposit eggs on or in the furs or fabrics. These eggs hatch in about fifteen days, and the wool or fur serves the resulting worm not only for food, but for clothing, for the grub makes itself a case out of the small fragments, and thus conceals itself while at work. It generally happens that the presence of moths is not suspected until the mischief is done. After the grubs have made their growth, and enlarged their cases to suit their needs, they go into the dormant state, and in spring appear as the modest winged insects to which we have referred. With moths, as with many other domestic troubles, prevention is the best "remedy." Camphor wood and cedar trunks are good, as moth insects do not like their odor, and will not enter them. Cedar shavings, snuff, camphor, pepper, and other aromatics, have the reputation of being preservatives, but there is nothing so good as paste. See that the furs or woolens are well beaten, and put them away in a box or chest that has every crack closed by a strip of paper well pasted on. Furs put up in perfectly tight paper bags, and pasted securely, will be preserved from the attacks of moths, but the paper must be without holes, and the pasting must be honestly done. Where moths are once in a fabric, an exposure to a heat of 150 degrees will destroy them. We once had some traveling blankets that became infested; these we placed in a tight box and sprinkled freely with benzine, which did for the moths.

MANURE FOR POTATOES.—An exchange says the following receipt for raising potatoes is worth the price of any paper for one year to any farmer that is short of manure. It is as good as the superphosphate of lime, and it will not cost half so much. It has been tried two years, and is good on dry land. Take one cask of lime and slack it with water, and then mix in loam or ashes enough so that it will not become mortar; it will make about five barrels. Put in half a pint in a hill in planting. All manures containing potash are particularly suitable for potatoes. Ashes contain more than any other natural fertilizer, and should be freely used and carefully saved. Any farmer seeing the analysis of the ashes of potatoes, can readily imagine what fertilizers produce the greatest effect, and what the plant most needs.

RASPBERIES.—Every family should grow raspberries. All kinds of garden-fruits are healthful and delicious; but there is a special aroma to the taste and flavor of the finest kinds of raspberries, which make it the most delicate garden-fruit in the world. The following are good general rules for cultivation: Lay off a piece of land in the garden, say 16 to 20 feet square; manure and spade it as for ordinary garden crops. The plants may be set out either in spring or fall. Take one year plants, cut them back to three or four eyes, and set them out by a line four feet apart each way. If set in the fall, the canes should be bent to the ground and covered for the winter. During the first summer keep the ground clean and well stirred, though it should not be dug deep near the roots of the plants. In November of each year the young canes shall be bent to the ground and covered with a few inches of soil. In the spring they should be raised up, the tops of the strongest canes clipped off a few inches, and then each hill tied to a stake. Some persons prefer a low trellis (say 4 feet high) to stakes. Every other year the ground should be manured. With this and clean culture, and the protection and tying up just mentioned, a good and regular crop may surely be expected. * * * Out of the many sorts recommended, we feel satisfied with the Red and White Antwerp, and the Brinkle Orange. For preserving, the Clarke and Doolittle (black) are excellent. The Catawissa gives a second crop in autumn.

FOWLS IN ORCHARDS.—The public has yet to learn the full advantage of keeping poultry. Few seem to appreciate what they may do among trees in an orchard. Let any one try them in an orchard of a quarter of an acre, where they may be kept by a picket-fence four or five feet high, putting in say 125 fowls, and observe the result. He will avoid the annoyance in the garden of which so many complain, while they will go among the trees, doing just what is needed, keeping the ground well cultivated and destroying everything that can injure the fruit-trees in the shape of bugs, worms, or other insects, and lay a large number of eggs, which are a cash article, to say nothing of the chickens, which pay well for raising at the present time. I have tried it, and know it is so. I have about one hundred fowls, which have worked admirably among my trees, keeping the ground in good condition, keeping off the insects, and promoting the growth of the orchard. I am satisfied that we have yet to learn the full benefits which may be derived from the proper management of fowls, and it is quite possible that the method I have suggested may offer the best way of getting our apple orchards into bearing condition again.—*Exchange*.

HOW TO GROW CARROTS.—A Jersey farmer favors us with some instructions on this subject. His practice is undoubtedly a good one, but it might be greatly improved by the introduction of the seed-sower. The making of drills with a hoe and covering by hand involves an enormous waste of labor, which we cannot commend. He says: "The ground should be plughed in the spring as soon as it is sufficiently dry to pulverize. Apply twenty to eighty loads of good manure; then about the 1st of May harrow well, cross-plough and harrow again. Then with a large plough make a ridge by turning two furrows together; have these furrows two and a half or three feet apart; next, with hand-tools, make a drill on the crest of each ridge, say two inches deep. Fill these drills with very fine manure, and sow seed not later than May 15th, covering not more than a quarter of an inch deep. The ridge give depth of soil, and consequently greater length of root. A carrot twenty inches long is much more valuable than one ten inches, and takes up no more space on the surface. This ridging process makes more work at first, but the crop is easier kept free of weeds, and there is less danger of covering the plants when the cultivator is put in. The more frequent the use of plough and hoe, the better. By this method I have grown twelve hundred bushels of marketable carrots, and, even at thirty cents per bushel, what crop is more profitable?"

WHY did the Israelites not starve in the wilderness? Because of the sand which (sand wiches) is there.
